	Global Admin
Password Admin	
IIS Admin	

QUESTION 38Hotspot QuestionYou administer an Azure Active Directory (Azure AD) tenant.You add a custom application to the tenant.The application must be able to:- Read data from the tenant directly.- Write data to the tenant on behalf of a user.In the table below, identify the permission that must be granted to the application. Make only one selection in each column.

Permission	Applic Permis
Read and write directory data.	○
Read directory data	
Access your organization's directory.	○
Enable sign-on and read users' profiles.	○

Answer:

Permission	Application Permission	Delegated Permission
Read and write directory data.	○	**○**
Read directory data	**○**	○
Access your organization's directory.	○	○
Enable sign-on and read users' profiles.	○	○

Explanation:http://msdn.microsoft.com/en-us/library/azure/dn132599.aspx QUESTION 39Your company plans to migrate from

On-Premises Exchange to Exchange Online in Office 365.You plan to integrate your existing Active Directory Domain Services (AD DS) infrastructure with Azure AD.You need to ensure that users can log in by using their existing AD DS accounts and passwords. You need to achieve this goal by using minimal additional systems.Which two actions should you perform? Each answer presents part of the solution. A.   Configure Password Sync.B.   Set up a DirSync Server.C.   Set up an Active Directory Federation Services Server.D.   Set up an Active Directory Federation Services Proxy Server. Answer: ABExplanation:Directory Sync with Password Sync Scenario' Applies To: Azure, Office 365, Windows IntunePassword sync is an extension to the Directory Sync Scenario. With directory sync, you can manage the entire lifecycle of your cloud user and group accounts using your on- premise Active Directory management tools.When password sync is enabled on your directory sync computer, your users will be able to sign into Microsoft cloud services, such as Office 365, Dynamics CRM, and Windows InTune, using the same password as they use when logging into your on-premises network. When your users change their passwords in your corporate network, those changes are synchronized to the cloud.http://technet.microsoft.com/en-us/library/dn441214.aspx QUESTION 40Drag and Drop QuestionYou publish a multi-tenant application named MyApp to Azure Active Directory (Azure AD).You need to ensure that only directory administrators from the other organizations can access MyApp's web API.How should you configure MyApp's manifest JSON file? To answer, drag the appropriate PowerShell command to the correct location in the application's manifest JSON file. Each value may be used once, more than once, or not at all. You may need to drag the split bar between panes or scroll to view content.

Answer:

 QUESTION 41You manage a software-as-a-service application named SaasApp1 that provides user management features in a multi-directory environment.You plan to offer SaasApp1 to other organizations that use Azure Active Directory.You need to ensure that SaasApp1 can access directory objects.What should you do? A.   Configure the Federation Metadata URLB.   Register SaasApp1 as a native client application.C.   Register SaasApp1 as a web application.D.   Configure the Graph API. Answer: D Explanation:The Azure Active Directory Graph API provides programmatic access to Azure AD through REST API endpoints. Applications can use the Graph API to perform create, read, update, and delete (CRUD) operations on directory data and objects. For example, the Graph API supports the following common operations for a user object:/ Create a new user in a directory/ Get a user's detailed properties, such as their groups / Update a user's properties, such as their location and phone number, or change their password/ Check a user's group membership for role-based access / Disable a user's account or delete it entirely http://msdn.microsoft.com/en-us/library/azure/hh974476.aspx   !!!RECOMMEND!!! 1.Braindump2go |2016/09 New 70-533 PDF & 70-533 VCE 145Q&As Download:http://www.braindump2go.com/70-533.html   2.Braindump2go |2016/09 New 70-533 Questions & Answers: https://drive.google.com/folderview?id=0B75b5xYLjSSNfjZVVmtFSVhfTExxZGdPTWFRUWNoRWgzbFJ0NWtWMnhXZnBLW U1ZRWdhckk&usp=sharing
