QUESTION 21Your company has a subscription for Microsoft Dynamics CRM Online. You install Microsoft Dynamics CRM Client for Microsoft Office Outlook and you install the most current update rollup. You have many users who work from home, so you configure Microsoft Dynamics CRM Client for Outlook to work in offline mode.A new update rollup is released. You verify that the version of the Microsoft Dynamics CRMOnline organization is the same version as the new update rollup.Users who work from home do NOT have Microsoft Update configured to download and apply updates automatically for Microsoft applications. What is the impact of the new update rollup on the users who work from home? A.   Users can continue to use Microsoft Dynamics CRM Client for Outlook. The new update rollup will be installed automatically the next time that the users connect to the Microsoft Dynamics CRM Online organization by using Microsoft Dynamics CRM Client for Outlook.B.   Users can continue to use Microsoft Dynamics CRM Client for Outlook, but they cannot work offline because the version of the update rollup on the client software is different than the version in the Microsoft Dynamics CRM Online organization.C.   Users can continue to use Microsoft Dynamics CRM Client for Outlook and work offline even though the version of the update rollup on the client software is different than the version in the Microsoft Dynamics CRM Online organization.D.   Users cannot use Microsoft Dynamics CRM Client for Outlook because the update rollup version of the client software is different than the version in the Microsoft Dynamics CRM Online organization. Answer: C QUESTION 22You are the administrator of a Microsoft Dynamics CRM 2011 environment that was previously upgraded from Microsoft Dynamics CRM 4.0.
