The organization contains servers that have Exchange Server 2010 and Exchange Server 2016 installed.You establish a hybrid deployment between Exchange Server and Microsoft Office 365. Some users have on-premises mailboxes and personal archives in Exchange Online.You discover that you are unable to use In-Place eDiscovery to search user mailboxes and Exchange Online Archiving archives concurrently.You need to recommend a solution to ensure that In-Place eDiscovery can search the mailboxes and the personal archives concurrently.What should you include in the recommendation? A. Auth authenticationB.   an organization relationshipC.   a retention policyD.   the Mailbox Replication service (MRS) Answer: A QUESTION 56Hotspot QuestionYou have an Exchange Server 2016 organization. The Active directory sites are configured as shown in the following graphic. Use the drop-down menus to select the answer choice that completes each statement based on the information presented in the graphic Answer: QUESTION 57Your company has three offices. The offices are located in New York, London and Sydney. The offices connect to each other by using a WAN link. Each office connects directly to the Internet.The company has an Exchange Server organization. The organization contains six mailbox servers. The servers are configured as shown in the following table. Each office is configured to use a different Send connector to send email messages to the Internet.You need to ensure that the servers route email messages that have Internet recipients through their respective site only.What should you modify? A.   the permissions of each Send connectorB.   the settings of the site linksC.   the cost of each Send connectorD.   the scope of each Send connector Answer: DExplanation:

https://msdn.microsoft.com/en-us/library/aa998662(v=exchg.160).aspx?f=255&MSPPError=-2147217396 QUESTION 58Hotspot QuestionYou are designing an Exchange Server 2016 organization. The organization will use a single namespace of mail.contoso.com for all client access protocols.You plan to use load balancers.You identify the following requirements for the load balancing solution:- The Edge Transport server log files must contain the original IP address of the SMTP hosts.- Clients must be able to connect only when they use the approved hostnames and the approved virtual directories.You need to identify which type of load balancer meets each requirement.What should you identify? To answer, select the appropriate options in the answer area. Answer: QUESTION 59Hotspot QuestionYou deploy an Exchange Server 2016 organization. The organization contains two

servers. The servers are configured as shown in the following table. The default self-signed certificates are installed on both servers. All of the users in the organization work from home and from customer locations.You purchase a Layer 7 hardware-based load balancer. You configure SSL bridging without session affinity for Outlook on the web connections. The load balancer has an internal fully qualified domain name (FQDN) of Ib1 contoso.local.DNS servers are configured to resolve mail.contoso.com names to the external IP address of the load balancer.You need to recommend which names must be included in the certificates installed on the load balancers and the Exchange servers.What should you recommend for each certificate? To answer, select the appropriate options in the answer area. Answer: QUESTION 60Drag and Drop QuestionYou have an Exchange Server 2016 organization. The organization contains five servers. The servers are configured as shown in the following table: EXOI, EX02, EX03, and EX04 are members of a database availability group (DAG) named DAG01The data center in New York fails.You need to activate DAG01 in the London site.Which three commands should you run in sequence? To answer, move the appropriate commands from the list of commands to the answer area and arrange them in the correct order Answer: !!!RECOMMEND!!! 1.|2017 New Version 70-345 Exam Dumps (PDF & VCE) 93Q&As Download:http://www.braindump2go.com/70-345.html 2.|2017 New Version 70-345 Study Guide Video: YouTube Video: YouTube.com/watch?v=wC8a3C28CGw
