<https://drive.google.com/drive/folders/0B75b5xYLjSSNV1RGaFJYZkxGWfk?usp=sharing> QUESTION 1Which statement about communication over failover interfaces is true? A. All information that is sent over the failover interface is sent as clear text, but the stateful failover link is encrypted by default.B. All information that is sent over the failover and stateful failover interfaces is encrypted by defaultC. All information that is sent over the failover and stateful failover interfaces is sent as clear text by defaultD.

Username, password and preshared keys are encrypted by default when they are sent over the failover and stateful failover interfaces, but other information is sent as clear text Answer: C QUESTION 2Which three ESP fields can be encrypted during transmission? (Choose three) A. Security Parameter IndexB. Sequence NumberC. MAC AddressD. PaddingE. Pad Length F. Next Header Answer: DEF QUESTION 3According to Cisco best practices, which three protocols should the default ACL allow an access port to enable wired BYOD devices to supply valid credentials and connect to the network? (Choose three) A. BOOTPB. TFTP C. DNSD. MABE. HTTPF. 802.1x Answer: ABC QUESTION 4Refer to the exhibit. If a supplicant supplies incorrect credentials for all authentication methods configured on the switch, how will the switch respond?

```
authentication event fail action log
authentication event no-response action log
authentication port-control auto
dot1x pae authenticator
```

A. The switch will cycle through the configured authentication methods indefinitelyB. The supplicant will fail to advance beyond the webauth method.C. The authentication attempt will time out and the switch will place the port into the unauthorized stateD. The authentication attempt will time out and the switch will place the port into VLAN 101 Answer: B QUESTION 5Which SOURCEFIRE logging action should you choose to record the most detail about a connection. A. Enable logging at the beginning of the sessionB. Enable logging at the end of the sessionC. Enable alerts via SNMP to log events off-boxD. Enable eStreamer to log events off-box Answer: B QUESTION 6What type of algorithm uses the same key to encry and decrypt data? A. a symmetric algorithmB. an asymeric algorithmC. a Public Key infrastructure algorithmD. an IP Security algorithm Answer: A QUESTION 7If a packet matches more than one class map in an individual feature type's policy map, how does the ASA handle the packet? A. The ASA will apply the actions from only the most specific matching class map it finds for the feature typeB. The ASA will apply the actions from all matching class maps it finds for the feature typeC. The ASA will apply the actions from only the last matching class map it finds for the feature type.D. The ASA will apply the actions from only the first matching class map it finds for the feature type. Answer: D QUESTION 8You have implemented a Sourcefire IPS and configured it to block certain addresses utilizing Security Intelligence IP address Reputation. A user calls and is not able to access a certain IP address. What action can you take to allow the user access to the IP address? A. Create a custom blacklist to allow trafficB. Create a whitelist and add the appropriate IP address to allow traffic.C. Create a user based access control rule to allo the traffic.D. Create a network based access control rule to allow the traffic.E. Create a rule to bypass inspection to allow the traffic Answer: B QUESTION 9Which EAP method uses protected Access Credentials? A. EAP-TLSB. EAP-PEAPC. EAP-FASTD. EAP-GTC Answer: C QUESTION 10In which two situations should you use out-of-band management? (Choose two) A. when a network device fails to forward packetsB. when management applications need concurrent access to the deviceC. when you require ROMMON accessD. when you require administrator's access from multiple locationsE. when the control plane fails to respond Answer: AC !!!RECOMMEND!!! 1.[2017 Version New 210-260 PDF and 210-260 VCE 265Q&As Download: <http://www.braindump2go.com/210-260.html> 2.[2017 Version New 210-260 Study Guide Video: YouTube Video: [YouTube.com/watch?v=9yy5IlptXYw](https://www.YouTube.com/watch?v=9yy5IlptXYw)
